School of Architecture planned a Guest lecture on Research on 26 th August 2022. The lecture aimed at empowering the students to start with their first research subject – Seminar and prepare them for framing

the synopsis of any research topic. The lecture was of 4 hour duration which included the discussion with students. The audience were B.Arch IV Yr students.

Schedule

Day 1

10:00 am lecture

12.00 pm Discussion on Seminar Topics of various student groups

02.00 pm End of lecture and discussion

Screenshots of the Event:

CONCLUSION

The lecture gave students a clear knowledge of how to start with research in the Seminar subject. There was a good discussion regarding selection of a relevant research topic, narrowing it down and how to go ahead with it.
