How to Publish High Quality Research

Date: 22nd September, 2022

Time: 2:00 pm to 4:00 pm

Platform: Da Vinci Auditorium, Delhi Technical Campus

Research Cell, Delhi Technical Campus organized a Webinar on ‘How to publish high quality research’.

Objective: The purpose of the lecture was to enlighten students and faculty about the importance of research and its publication in right journal.

Dr. Shabana Urooj, Associate Professor at Department of Electrical Engineering, College of Engineering, Princess Nourah Bint Abdulrahman University, Saudi Arabia delivered this webinar by connecting online from Saudi Arabia. She is an eminent researcher and a profound academician. She is a senior Member in IEEE and presently serving as editorial board for Frontiers in Energy Research- Smart Grids and special issue of MDP’s sustainability.

During the webinar, Dr. Urooj enlightened the faculty and students with her great knowledge and experience in the field of research. The webinar helped students and faculty to the right journal for there research. They develop in depth knowledge of structuring the research article correctly.

Learning Outcomes:

- Understanding the fundamentals of Strong Manuscript
- Differentiate between various Manuscript Varieties
- Tools which help in selecting the right journal

The Webinar was successfully coordinated by the research cell faculty coordinators.
