Guest Lecture on Prediction Using ML and Python

Experience the brilliance of the "Guest Lecture on Prediction Using ML and Python" at our college. Delivered by industry experts, this enlightening session explores the power of machine learning and Python in predictive analysis. Discover the latest techniques and applications in this rapidly evolving field. Don't miss out on this invaluable learning opportunity!

Date - 3/25/2021

Workshop on C Language

The "Workshop on C Language" held at our college was a resounding success. Participants delved into the fundamentals of the C programming language, honing their coding skills and gaining practical knowledge. Led by experienced professionals, this hands-on workshop provided a comprehensive understanding of C. Attendees left equipped with the necessary tools to excel in the world of programming.

Date - 2/22/2021

Some glimpses of the event

Workshop on IOT

The "Workshop on IoT" held at our college was a game-changer. Participants explored the fascinating world of Internet of Things, gaining insights into its applications and potential. Through interactive sessions and hands-on activities, attendees learned to build IoT prototypes and implement innovative solutions. This workshop provided a solid foundation for embracing the future of connected devices and technology.

Date - 2/2/2021

Introduction to Solution Challenge

The "Introduction to Solution Challenge" event held at our college was a remarkable experience. Participants were introduced to the concept of problem-solving through innovation and creativity. Through engaging talks and interactive sessions, attendees gained insights into the Solution Challenge framework. This event ignited a spark of ingenuity and set the stage for future innovative endeavors.

Date - 12/2/2021

TECHNICAL FEST

Get ready to be swept away by the electrifying ambiance of "**Techonetes**," our college's highly anticipated annual technical fest! Immerse yourself in a world of innovation and excitement as you kickstart the event with a mind-boggling warm-up quiz, challenging your knowledge across various domains. Engage your problem-solving skills through intriguing puzzles and crack the code to unravel hidden mysteries. Deepen your understanding of cutting-edge technologies in workshops facilitated by industry experts, equipping you with invaluable insights and skills. Showcase your coding proficiency in a fierce code test, putting your abilities to the test. Lastly, channel your creativity and passion into the adrenaline-pumping Hackathon, where you'll collaborate with like-minded individuals to create groundbreaking solutions. With an array of thrilling activities, "**Techonetes**" promises an unforgettable experience for technology enthusiasts and aspiring innovators. Join us and witness the magic unfold at this extraordinary celebration of talent, ideas, and endless possibilities!

Date - 18-19 March 2021

Computer Technical Student Association
Presents

TECHONETES 

Organized by
On 18-19th march 2021

Registration Link : <https://docs.google.com/forms/d/e/1FAIpQLSdiloqHCx0H-lqPRH9tiVwlKFCk3nZnAn4liV493heVZHFYQ/viewform>
Or Scan this code for registration

All the Students from different Universities and College can participate in this fest.
There is absolute NO REGISTRATION FEES for any of the event.
Contact Information :
Email : cesta@delhitechnicalcampus.ac.in
Pulkit : 9315558304 Arjit : 7017159270 Mallika Mittal : 7404935985

Events :

Warm up quiz → Problem solving → Cracking the code → Workshop → Code test → Hackathon

Winners will be getting exciting
Goodies and Gift vouchers.

TECHNICAL EVENT

International Conclave – AIE 2021, AI at the Edge, The Next Generation of Data Processing 15th April -16th April 2021-CSE

As the exceptional use of IoT, smart and connected devices, has made data processing a crucial task, the AIE2021 conclave aims to explore the new dimensions of data processing technologies like Edge Computing, FoG Computing, Cloud Computing etc.

The foremost objective behind AIE2021 was to provide a platform where the academic research communities, experts from industries, scientists and participants come collectively to deliberate their ideas and application experiences in various edge-based data processing technologies and discuss next-generation sensor networks.

Date - 15th April - 16th April 2021

List of publications in Conferences

01

Nitesh Singh Bhati, Manju Khari

Title of Paper - A Survey on Hybrid Intrusion Detection Techniques

Title of Conference (Place) -RICE 2020 : 5th International Conference on Research in Intelligent and Computing in Engineering, Vietnam

02

Raman Yadav, Sharda Vashisth, Ranjit Varma, Kaushal Kumar

Title of Paper - Effect of flow velocity and pressure on carotid artery due to deposition of different shapes of plaque

Title of Conference (Place) -ICFTMM 2020 IOP Conference Series: Materials Science and Engineering, DTC-Greater Noida, India

03

Tannu Chauhan, Surbhi Rawat, Samrath Malik, Pushpa Singh

Title of Paper - Supervised and Unsupervised Machine Learning based Review on Diabetes Care

Title of Conference (Place) -International Conference on Advanced Computing and Communication Systems (ICACCS) Sri Eshwar College of Engineering Coimbatore, India

04

Raman Yadav, Sharda Vashisth, Ranjit Varma, Kaushal Kumar

Title of Paper - Effect of flow velocity and pressure on carotid artery due to deposition of different shapes of plaque

Title of Conference (Place) -ICFTMM 2020 IOP Conference Series: Materials Science and Engineering, DTC-Greater Noida, India

List of Books Authored/Edited

Name of the Author(s)/Editor(s) -

Kumar Shubham, Ankaj Gupta

Title of Text/Edited Books - Integrated
Circuit Fabrication

Publisher Details/ISBN -CRC Press,
Taylor & Francis Group, 2021
